

Rural Municipality of Elton Accessibility Plan Statement of Commitment

As a local government agency, the Rural Municipality of Elton takes pride in keeping with the evolving needs and interests of the broader population, and is committed to maintaining accessible communities.

In 2013, the Province of Manitoba announced the Accessibilities for Manitobans Act which requires all public sector organizations to develop and implement plans to enhance accessibility in five areas:

- Customer Service
- Employment
- Information and Communications
- Built Environment
- Transportation

These standards give us a systematic guide by which to review current practices and consult with our community.

Guided by a team made up of Councillor Donna Mitchell & Jennifer Sutherland, Administrative Assistant, phase one of this project is underway.

The RM of Elton will provide information, in an accessible format on request, or with communication supports that consider a person's specific needs.
